

# Blind Automation

**LIFTECH**

Our stylish Electric Blinds offer all the benefits of home automation and are designed to assist with difficult to access windows.

Thanks to their sleek appearance and wide range of activation options, we have a powered window blind that not only looks good but does all the hard work for you. They can be opened and closed, even stopped midway, at the touch of a button, tap on a smart phone or voice command.

Remote Control Handset

Surface Mounted Control Switch
